## Class of 1862

### Corrections and Additions

to the

### Fiftieth-Year Report

### 1912-1917

---

#### NOTE.

It was intended to issue this year a report supplementary to the Fiftieth-year Report, giving the history of the Class for the past five years; but, "in these days of stress," it is thought best to substitute for a full report the following brief notes. These are confined to the more important additions to the former record, and include the supplying of certain omissions and the correction of sundry errors in the 1912 report. Little is said here about the children of the Class; nothing about the grandchildren, of whom there are nearly a hundred. The Secretary will be glad to give information, if he has it, about the families of classmates.

CHARLES P. WARE,  
*Secretary.*
